

**“Scientific Excellence as the Key to Excellence in Education”, Task 10: “Teaching Competences of University Staff” – a university-wide ESF project**

**Task 10 – “Teaching Competences of University Staff” – coordinator: Dr Anna Gutowska**

As part of the project, training courses aimed at improving the competences of academic teachers employed at the University of Łódź were carried out in the following areas:

- Development of innovative teaching competences
- Innovative methods of working with students using IT
- Educational assessment: closed-ended tasks (tests)
- Effective presentation of teaching content
- Let’s Not Be Afraid of Technology — selected tools for creating multimedia materials supporting teaching
- How to design blended learning classes?
- How to conduct classes on the Moodle educational platform?
- Professional databases — information management
- Editing academic texts
- Academic English
