- **26 Member States of the European Union.**
- **Third countries associated with the Programme:** Republic of North Macedonia, Turkey, Serbia, Norway, Iceland, Liechtenstein.
- **UK** only for students of Faculty of Law and Administration.

**SAY YES TO ERASMUS**

# Enrolment rules for Erasmus+ **student** mobility for studies

1. Ensure your **student status** (full-cycle UL student) **during mobility**.
2. Applications for all fields are open to any gender/sex or age group.
3. Applications are open to any (Polish/EU or other) **citizenship**.
4. You can spend up to **12 months abroad in total**, for each **study cycle** (your Bachelor, Master, or PhD degree cycle of studies).
5. You can spend up to **24 months abroad** for your study cycle if you are a **long-cycle (direct Master's degree) student**.

# Enrolment rules for Erasmus+ **student** mobility for studies

6. Your earlier Erasmus+ student mobility for studies, traineeships or BIP (with or without a grant) will be counted to the Erasmus+ total capital for your study cycle i.e., as part of the 12-month sum for 1st, 2nd or 3rd cycle, or 24 months for long-cycle (direct Master's degree) studies.
7. If you go on an Erasmus+ during your **final study year**, please have with you and present your **Thesis Supervisor's permission form**.
8. If you are a student of the final year (Bachelor degree cycle) – submit a [Declaration](#) to continue your studies for the next study cycle at the same UL Faculty, in which you are currently studying.

## Enrolment rules for Erasmus+ **student** mobility for studies (SMS)

9. Your stay on the Erasmus+ should be **longer than 2 months Erasmus+/  
but shorter than 12 months**. The study mobility period (one or two semesters) should start after 1<sup>st</sup> July 2024.
10. There is no option of extending the study period for the summer semester 2024/25, if you were nominated for SMS only in the winter semester 2024/25.
11. There is no option of extending study period for the winter semester 2025/26, if you were nominated for SMS only in the summer semester 2024/25.
12. If at the stage of the enrolment you are determined to go on an Erasmus+ that lasts one year (2 semesters), you should select it in the USOSweb system and the period should be confirmed by the Coordinator in the USOSweb.

# Enrolment rules for Erasmus+ and Education **student** mobility for studies

## 10. General UL criteria for mobility applicants:

- **Grade average** (3,5 or higher).
- **Ability to use the foreign language** of instruction (i.e. classes) at the chosen University.
- Stated earlier participation (if any) in mobility for studies/placement within the Erasmus+, LLP Erasmus, FSS, or Campus Europae – **first time mobilities may have priority.**
- **High degree of motivation.**

# Application form in USOSweb

Each student provides:

1. Names of the universities they prefer for their Erasmus+ mobility, according to the list shown by the USOSweb for their Faculty.

The screenshot shows a warning message: "This application has not been submitted. Not submitted." Below this is a dark blue tooltip that reads: "Order of institutions matters. The higher the institution on your list, the more you want to go there." Below the tooltip is a form field with a dark blue header: "Priority Where do you want to go to study? ⓘ (max 5)". The input area contains the text "add →".

**The first university shown on your list will have the highest priority.**

When you choose a target university, please check: **the field of study mobility, the instruction language, and the course list** – all should match your language skills and your current study programme at the UL.

# Application form in USOSweb

2. Choose and add **languages** you know and assess your level of skills (A1-C2, Native speaker)

- **remove** - You can quit as long as the referee has not started to complete recommendation. You can quit also when the referee refuses to give recommendation.
- **view** - Allows one to view recommendation given.
- **send link** - The referee may not have an account in the USOSweb of the academic unit in which the student applies. In such a case, the system can generate a link to a site where the referee can submit a recommendation without having to log in. If you know that the referee cannot log into your USOSweb or it is not certain whether they can, select **send link** in order to automatically send a link to the referee.

Search results depend on user privileges.  
You may search among all active staff members.

If available search for a UL staff member or click the **“SHOW”** button and write the name, surname and email address of someone outside the UL (eg. your tutor, teacher, lecturer) who is able to write references for you (and answer the set of questions Faculty Coordinators prepare for the assessment of students’ performance).

- Without references or opinions your application is still valid – you can still continue.
- When sending reference requests, do not wait until the last day – your references take time, and they may not be ready before the online application platform closes.

## Enrolment for Erasmus+ **studies**

### Stage 2 – held at your Faculty from 02/03 to 11/03

- Your Faculty may need more documents, e.g. **language certificates**.
- Your Faculty may decide if you should have **interviews (via MS Teams)**.
- Your **Faculty** can set **extra criteria**, e.g. your previous active participation in university events, student networking, /sports/artistic achievements, etc. Criteria are described in the USOSweb under the mobility offers list, on the Faculty's webpage or will be sent by email/via USOS only to those students who submit the application form up to 1/03/2024 (2 p.m.).

You may ask your home Faculty coordinator about additional faculty criteria during the consultation hours or via email.

## My mobilities

This page contains a list of mobilities awarded to you. Once a mobility is granted by coordinator you need to submit some extra information that was not relevant when you were applying.

If you neglect to complete formalities or your mobility does not materialize for other reasons, it will be canceled by the coordinator. It will also disappear from the list below even if your USOSweb application does not show this fact.

If you apply at more than one faculty/unit for student mobility it may happen that the list below does not show mobilities awarded to you by other faculties or units.

Your Faculty makes the ultimate decision on your mobility, on the UL (home institution) level. However, the final decision regarding your Erasmus+ mobility belongs to your target university (host institution).

IRO UL will send the UL students' nomination to the receiving universities in April/May.

In May 2024 there will be a meeting dedicated to the outgoing students for the Erasmus+ student mobility for studies organised by the IRO UL.

## ERASMUS+ GRANT RATES at the University of Lodz

**Extra financial support** of EUR 250 monthly for social benefit receivers. Only for students entitled to the UL social benefit for the 2023-2024 Summer semester.

**Extra financial support** of EUR 250 monthly for students with **certified disability + possibility of additional funding (additional application form – actual costs)**.

A bonus for the „Green travel” as a top-up amount to the individual support - a single contribution of 50 EUR for travel by train, bus or carpooling (car)

- up to 4 days of additional individual support to cover travel days for the return trip

**If the amount of funds obtained by the UL is not enough to cover all the mobilities of qualified students, then each Faculty will make a ranking list of students who have priority in receiving the grant money (if this happens, it is made known by June, before the mobilities start).**

## Art. 16 Enrolment rules:

Students who are granted a mobility must specify the planned period of stay (winter semester; summer semester; whole year) in the USOSweb. The planned duration of the mobility, as approved by the coordinator, has an impact on which project the student will receive funding from and the deadline for receiving funding.

Winter semester mobility - Students who wish to pursue their mobility in the winter semester 2024/25 only, must select this semester in the USOSweb application form. If such mobility is approved by the Coordinator in the USOSweb, the mobility will be funded from the budget of the Erasmus+ project KA131-2023. The UL has got funds from this project at the time of the announcement of these enrolment rules. A student whose mobility is funded from the 2023 project will not be able to extend their mobility to the summer semester 2024/25 due to the time frame of the project.

Two-semester (YEAR) mobility - Students who wish to carry out the mobility in the winter and summer semesters (annual mobility) or in the winter semester with the possibility to extend the mobility to the summer semester will be able to get the funding from the KA131-2024 project, which the UL will apply for in February 2024. Following the signing of the project agreement with the Erasmus+ National Agency, it is anticipated that the UL will receive funding in October/November 2024. This means that students will be able to receive the funding from this project respectively up to max. 30 days from the date of receiving the funds by the UL.

In this case, the student must select "YEAR" as the planned duration of the mobility in the USOSweb application form. If the year-long mobility is approved by the Coordinator, the student acknowledges that they will receive funds from the 2024 project, most likely after the mobility has already begun. Students acknowledge that funding is paid for the first semester, funding for the second semester is contingent on meeting the conditions for continuation of the mobility in the following semester.

Summer semester mobility - Students who wish to pursue their mobility in the summer semester 2024/25 only, must select this semester in the USOSweb application form and acknowledge that the mobility takes place with funding from the 2024 project.

If the student resigns from the year-long mobility in favour of a winter semester mobility before signing the agreement and notifying the International Relations Office, they will be able to complete the mobility with funding from the 2023 project. If there is not enough funding from the 2023 project, the student will receive funding from the 2024 project.
